Tantalizing Little Itty-Bitty Tee:

The Punk Rocker

Fashion TIPS from Designer Esther Nash

Having a "nothing-to-wear" nightmare? Want an outfit that not only stands out in your closet, but also makes a dazzling impression on others? Make a statement and gather up some fashion groupies with a personalized rocker tee. Transform those drab tees to fab tees. As for all the compliments you'll get on your style — bring 'em on! Are you ready to rock n' roll?

Essential Items Needed:

1. Any T-shirt
2. Safety Pins
3. Fabric scissors or fabric strips
4. Assorted patches
5. Ruler/Pencil
6. Buttons

Step 1

1. Place desired T-shirt on a flat surface. If you want to show off that tummy, cut the shirt straight across using a ruler.
2. Cut right down the middle and on the side seams.
3. Using safety pins, pin the sides and bottom of the shirt.

Step 2

1. For extra dazzle, use buttons with different messages and/or use antique pins.
2. Cut the patches to various sizes. You can either sew or iron on your desired patches for added flair.

Now, you're ready to hit any concert in style!
Strum along to the music and don't forget to snag backstage passes!
